Instructions

This report is designed to give information about the participant's relative strengths and development areas on the competencies known to be important for success in this type of job. In addition, the report provides valuable on-the-job tips and suggestions to help the participant excel in the workplace.

The score that a participant receives describes how the participant's responses compared against our database of responses consisting of the participant's peers. The assessment that a participant has taken has been scientifically validated by up to 30 years of statistical data collection and analysis. People who score higher on the dimensions tend to perform better on the job in the key areas outlined in the report.

This report is confidential, and its contents are intended to assist in the prediction of a participant's work behavior. Please note that the assessment components included in this solution report are not necessarily weighted equally. Some of the components are broad measures of behavior and some are more narrow. Competencies denoted by an asterisk (*) are measures of narrow behaviors. While these behaviors are important to the overall score, they are not weighted as heavily when compared to other components in this solution. Our research indicates this weighting best predicts job performance.
